

CAFES by OrderMate

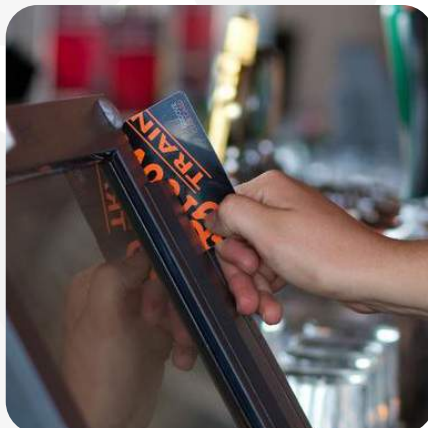

Customised to suit your business. Designed to maximize your output and business productivity. Your staff will love using it and our live Reporting App, Control Centre will give you full visibility of your operation.

Tablet Handheld Ordering

Serve customers more efficiently than ever before. Staff can be more mobile. Turn tables faster. It is a win win solution.

Customer Loyalty and Rewards

Our Loyalty module will keep your customers coming back and spending more. Accumulate customer information and keep them informed.

Biometric Fingerprint Clock On and Off

Stay on top of staff times as staff can only clock on if they are physically there. Eliminate false time punches and saves time when inputting payroll data.

COST-EFFECTIVE

TIME-EFFICIENT

EASY TO USE

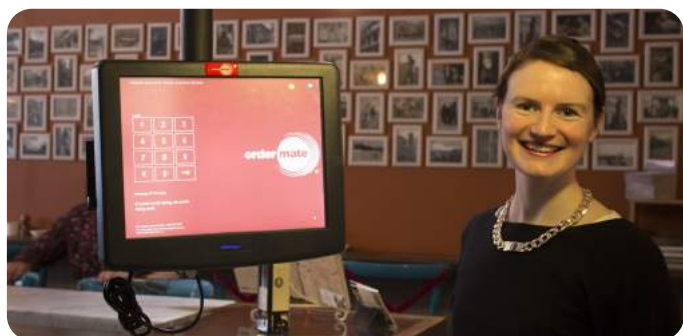

CUSTOMISABLE

NATIONAL BRAND

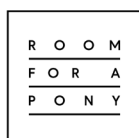

Connectivity over
all devices

Testimonial from Crabapple Kitchen Stephanie Edgerton

It is a user-friendly system which is logical and organised making it easy for all staff to operate and a breeze to train them. It has so many great features which make for speedy and reliable service such as multiple split-bill options, easy table and item transfers.
