

Customised to suit your business. Designed to maximize your output and business productivity. Your staff will love using it and our live Reporting App, Control Centre will give you full visibility of your operation.

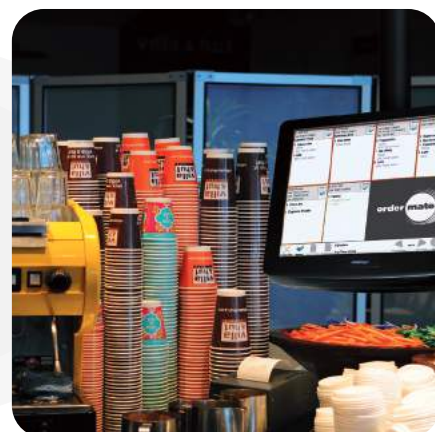

EFTPOS Integration

Payments can be securely transacted and the tip amount entered directly into the EFTPOS terminal. Complete synchronisation between the device and POS.

Fingerprint Clock On and Off

Stay on top of staff times as staff can only clock on if they are physically there. Eliminate false time punches and saves time when inputting payroll data.

Kitchen / Prep Touch Screen

Keep your kitchen or prep area sustainable. Bump off orders as you make them. Stay in complete control whilst eliminating ongoing paper roll and ink costs.

COST-EFFECTIVE

TIME-EFFICIENT

EASY TO USE

CUSTOMISABLE

Testimonial from *Famish'd* Georgia Samuel

"We've been a client of OrderMate since opening the first famish'd store 3.5 years ago. The service is exemplary and services our business perfectly. I looked at a range of Point of Sale options and OrderMate seemed the most user-friendly and suitable for the needs of a business with growth plans".
